**FOR IMMEDIATE RELEASE****POWER SUPPLY CHALLENGE - BOGOSO****March 8, 2024.**

The Ghana Grid Company LTD. (GRIDCo) informs residents of Bogoso and its environs of a power supply challenge.

The cause is a transformer at the Bogoso Substation which tripped on Thursday 7th March, 2024. Engineers are working seriously to repair the faulted transformer.

GRIDCo apologises for the inconvenience caused and assures the residents of Bogoso that efforts are being made to restore power to the township.

**--- ENDS ---****Note to Editors:**

Ghana Grid Company LTD. (GRIDCo) was incorporated in December 2006 to carry out the economic dispatching and transmission of electricity from facilities of wholesale suppliers (Independent Power Producers [IPPs]) to bulk customers and distribution utilities in Ghana and West Africa. The Company became operational on August 1, 2008, following the transfer of the Transmission System Department and its core staff from VRA to GRIDCo. It operates the National Interconnected Transmission System (NITS). GRIDCo currently transmits electricity to thirty-one (31) Bulk Customers and Distribution Utilities from eleven (11) Wholesale Suppliers, including the Volta River Authority (VRA).
