PRESS RELEASE

**May 1, 2025
Tema**

SYSTEM DISTURBANCE

The Ghana Grid Company LTD. (GRIDCo) and the Electricity Company of Ghana wish to inform the public that due to a system disturbance, there is a loss of power supply to some customers.

The disturbance occurred at 1:42 pm on Thursday 1st May, 2025, when a tipper truck discharging stones at a private developer's construction site near our Nkawkaw - Konongo Transmission Line, lifted its bucket into the line conductor, damaging the line and causing the disturbance.

This incident caused all power plants at Aboadze and Anwomaso to trip, taking off supply to the Western, Central and Northern parts of the country, as well as some customers in Accra.

Our engineers have mobilised to the location to repair the damaged transmission line and work is on-going to restore all affected areas by 6pm today.

We apologise for the inconvenience this incident has caused.

Issued by:

**Dzifa Bampoh
Manager, Corporate Communications
GRIDCo**

**William Boateng
