## PRESS RELEASE

Tema,  
16<sup>th</sup> January, 2026.

### **PUBLIC NOTICE : TEMPORARY POWER INTERRUPTION IN CAPE COAST AND SURROUNDING COMMUNITIES.**

The Ghana Grid Company Limited (GRIDCo), and the Electricity Company of Ghana wish to inform residents of Cape Coast and surrounding communities that it is in the final phase of completing works associated with the upgrade of a 66MVA power transformer at the Cape Coast Substation.

To facilitate the successful commissioning and operation of the new higher-capacity transformer, power supply to customers in Cape Coast and surrounding communities will be interrupted on Tuesday, 20th January 2026, from 9:00am to 2:00pm.

The transformer upgrade will significantly enhance the substation's capacity, enabling improved and reliable power supply for residents and businesses in Cape Coast and surrounding areas, while enhancing the overall quality, and stability of electricity supply in the region.

GRIDCo and ECG have put in place all necessary measures to ensure that the final works are completed promptly and power supply restored within the scheduled time.

We sincerely apologise for the inconvenience this temporary power interruption will cause. We assure the public of our continued commitment to deliver reliable and improved electricity transmission services.
