## FOR IMMEDIATE RELEASE

### SYSTEM DISTURBANCE IN PARTS OF THE TRANSMISSION NETWORK

**Tema, 10<sup>th</sup> February 2026** --- The Ghana Grid Company LTD. (GRIDCo) wishes to inform the general public that on Monday, February 9, 2026 at 3:16 p.m., a fault occurred on some of our transmission lines. This resulted in a system disturbance that led to interruptions in power supply to parts of the Northern, Middle, and Western Regions of the country.

Following swift and coordinated restoration efforts, the National Interconnected Transmission System was fully restored same day at 8:09 p.m.

GRIDCo assures the public that measures are continually being implemented to strengthen the reliability and resilience of the transmission network to minimise the occurrence of such incidents.

We sincerely apologise for the inconvenience caused and thank all stakeholders for their patience and understanding.

Issued by:

--- ENDS ---

#### **Note to Editors:**

Ghana Grid Company Limited (GRIDCo) was incorporated in December 2006 to carry out the economic dispatching and transmission of electricity from facilities of wholesale suppliers (Independent Power Producers [IPPs]) to bulk customers and distribution utilities in Ghana and West Africa. The Company became operational on August 1, 2008, following the transfer of the Transmission System Department and its core staff from VRA to GRIDCo. It operates the National Interconnected Transmission System (NITS). GRIDCo currently transmits electricity to thirty-one (31) Bulk Customers and Distribution Utilities from eleven (11) Wholesale Suppliers, including the Volta River Authority (VRA).
